GROWING THE CONVERSATION

Join us in
Growing the Conversation
 to Prevent Elder Abuse on
World Elder Abuse Awareness Day
 June 15th

We can all get involved to create lasting local changes!

Our 2018 WEAAD theme, **'Seeds of Change'**, engages individuals, agencies and organizations to **"grow the conversation"** to prevent elder abuse. The Seeds of Change Cards provides an unique approach taking action and being part of the solution.

Incorporating activities giving the Cards to seniors, families, clients or customers or creating social activities that involve planting wildflowers, that are embedded into the ribbon on the card, can bring awareness to the issue. "Planting the Seeds" is just one little thing YOU can do to make a BIG difference in growing the conversation.

WEAAD Promotional Materials

This year EAO is offering you the opportunity to purchase WEAAD Balloons and/or Seeds for Change Cards to promote WEAAD and increase awareness at your local events!

"Seeds of Change Cards"

The Cards are imprinted with the Seniors Safety Line information, accompanied by a purple paper ribbon which is embedded with wildflower seeds. Plant the ribbon for plants to grow!

It's Not Right

Join us in building the movement for social change across the province, to raise awareness of this issue and mobilize communities in Ontario to take action.

Elder Abuse Ontario is creating a movement of social change in Ontario to stop abuse and neglect of older adults.

EAO is encouraging Elder Abuse Networks and agencies use the [INR WEAAD Resources](#) to host an event to create awareness of elder abuse and engage community members to Grow the Conversation to promote dignity and respect of older adults.
