Indigenous Webinar Series

**Opening the
Door to
Indigenous
Senior
Community
Outreach**

November 12, 2020

1:00 pm - 2:30 pm

EAPO invites you to join us for the first in a series of webinars focusing on Ontario's Indigenous senior population. The title of this presentation is 'Opening the Door to Indigenous Senior Community Outreach'.

During this discussion, we will share initiatives and partnerships that have been created to assist our seniors and most vulnerable during this time of the pandemic. We will talk about some of the outreach and family supports that have been put in place and discuss current gaps in our system. Our goal is to help create safe and secure age-friendly communities throughout the province by listening to our elders, being creative, and developing relationships.

Share in the discussion and gain insights on the importance of developing culturally sensitive and socially appropriate community supports for Indigenous seniors.
